Dear Parents

### **Before and After School Care – Transport**

We are sorry to inform you that as of Friday 15 February we will be suspending transport to the Mulberry Bush for before and after school care.

You will recall that the service was implemented due to parental requests and to attract prospective pupils. Unfortunately very few took advantage of this offer and so far it has lost the school over £1,080.00 in six months, if we were to run the provision to the end of the academic year the loss would increase by a further £1,080.00.

The Governing Body have agreed unanimously that the school cannot afford losses of this amount, but if in the future there is renewed interest in before and after school care then the Governing Body are willing to look at reinstating this service.

Yours truly

Mrs C Heathcote  
**Chair of Governors**
